PROFILE SUMMARY

A Computer Science and Engineering graduate with strong foundations in algorithms, data structures, and software engineering. Experienced in full-stack web development using Django, React, and MySQL, with proven analytical and problem-solving skills demonstrated through competitive programming. Interested in research-oriented development and the application of theoretical concepts to practical systems.

EDUCATION

Khulna University <i>B.Sc. Engineering in Computer Science & Engineering</i> CGPA: 3.59 out of 4.00	Khulna, Bangladesh Dec 2025
Government Brajalal College <i>Higher Secondary Certificate (H.S.C)</i> GPA: 5.00 out of 5.00 (Board: Jashore)	Khulna, Bangladesh 2020
Government Laboratory High School <i>Secondary School Certificate (S.S.C)</i> GPA: 5.00 out of 5.00 (Board: Jashore)	Khulna, Bangladesh 2018

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, C, C++
- **Web Development:** HTML, CSS, PHP, JavaScript, React, Node.js, Django
- **Database:** MySQL
- **Tools & Technologies:** Git, GitHub
- **Fundamentals:** Data Structures & Algorithms, OOP, OS, Networking

WORK EXPERIENCE

Appstick Solutions Ltd <i>Industrial Trainee</i>	Khulna, Bangladesh Jan 16, 2025 – Feb 07, 2025
• Contributed to the full software development lifecycle of web applications. • Collaborated with the engineering team to debug and optimize code modules. • Adopted industry-standard coding practices and version control workflows.	
Avant Technologies <i>System Engineer</i>	Dhaka, Bangladesh Mar 01, 2026 – Present
• Providing network engineering support including configuration and troubleshooting of network systems. • Delivering software support and technical assistance to ensure smooth system operations. • Preparing technical documentation, reports, and system records. • Assisting in project coordination, system management, and operational tasks.	

KEY PROJECTS

Online Voting System | *Django, MySQL* [\[Website Link\]](#)

Developed a secure online voting platform featuring automated alerts for database-level tampering to ensure election integrity.

Kacha Bazar | *React, Express, MySQL* [\[GitHub Link\]](#)

Built an e-commerce marketplace connecting farmers directly with shops to sell agricultural products efficiently.

Red Drop | *HTML, JavaScript, MySQL, PHP* [\[GitHub Link\]](#)

Designed and implemented an online Blood Donation management system to streamline donor searches.

Kids Learner | *Java* [\[GitHub Link\]](#)

Created a Windows-based educational desktop application providing interactive alphabet and math training.

Portfolio | *HTML, JavaScript* [\[Portfolio link\]](#)

Created A single page portfolio

ACHIEVEMENTS & CERTIFICATES

- **Competitive Programming:** Actively solving algorithmic problems on Codeforces, Beecrowd and LeetCode
Solved 250+ problems. Profile: [codeforces](#) || [beecrowd](#) || [leetcode](#)
- **EDGE Project (BCC):** Certified in Python with Data Science Basics (4-month course) by the ICT Division's EDGE Project.

LEADERSHIP & ACTIVITIES

Club for Updated Search on Computer (CLUSTER), Khulna University

General Secretary

Feb 2025 – Present

- Leading a team to organize technical workshops and coding seminars to enhance student skills.

Synergy X2024 Management Committee

General Secretary, Finance Team

Nov 2024

- Managed financial operations for the National Symposium on Industry-Academia Collaboration.

LANGUAGES

English & Bengali: Fluent in Reading, Writing & Speaking.
